

September 5 1993

Dear C-SPAN Producers,

I can't believe it. Bob Dole  
and the (officially titled yet) Road  
to the White House - 1996?

It is 1993! President Clinton  
won the election and has been in office  
about nine months. He is working  
hard to right many things away in  
our society.

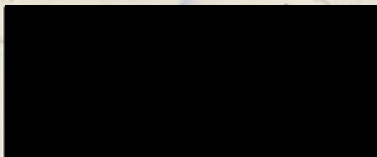

Give him a chance! Stop being  
so arrogant and political. Though there  
is (God Forbid!) a democrat in the  
office - stop demeaning him.

Forget Road to the White House  
1996 until 1995 and give the issues full  
focus. Focus on Bill Clinton.

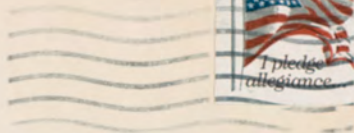

I further find it most disrespectful  
to the office of the presidency to have  
"The Republican response" after every  
speech Mr. Clinton has on television.  
This was not done with Mr. Bush.  
You know that the only thing the Repub-  
lican "response" will relate is rebuttal  
of any and everything Mr. Clinton says  
and political pot shots. Who needs  
it!

Sincerely,

Canton, MI 48187
