Dear M's

Rece

91, and

was glad to hear from you,

C-span is received here for 2 hours each day in English, on cable. I realize, you can not reply to my comments and remain neutral, in your reporting. I still can not understand, why the U.S.A., England, and France are involved in the Middle East militarily. The truth is not being told the American People but Iraq is not telling the truth to it's people as well, so I guess it balances out.

Thank You again, for your letter.

Sincerely,

SFC
