Re: Washington Journal 13 Nov

What two things would
you know about John Doe
if you saw the Pollock?

John Doe R-MS

You would know that J. Doe
is a Republican and that he
is from Mississippi. But
JJ Green doesn't!! Green is not
sure about MS; "what is that?"
For a network that bills itself
as "the political network of
record", JJ Green is pathetic!
He doesn't know what State
MS stands for - my 5th grader
can do better than that!

Green keeps calling cartoon-
ist Rorie's publication a
"book" - it's a magazine, stupid.

JJ Green is just plain
dumb and should be an em-
barassment to C-SPAN. The
man is ridiculous!
