

July 21, 1993

Dear Brian,

Last week you read an Article indicating that "talk radio" is dominated by "Conservatives."

So is C-span!

You try to balance your guests to make the debate or discussion balanced and non partisan but the calls by citizens is terribly partisan,

I personally vote both
"D" and "R". May the best
person win.

Even though you attempt
an interesting debate, your
programs are definitely biased
and becoming uninteresting
and boring.

Last year on a couple of
programs you made an
attempt to make your phone
lines Pro and Con.

I felt that a pro and con
show as opposed to

East and West lines
present a better program.

We would hope that
C-span would try a
pro and con format for
at least a 6 month
period. This would give
balance to the discussion
and fodder for all.

Very truly yours.
