I'm FURIOUS!!!

On "Good Morning America" this a.m. the "American People" were surveyed as to what they thought of the confirmation of Judge C. Thomas to the U.S. Supreme Court. This 60 year old woman member of the "American Public" believes he SHOULD BE confirmed.

What leaves me FURIOUS is the political ploy and clear abuse of power by Senator H. Metzenbaum and his supporters. I'm getting mighty sick and tired of the deception and manipulation of other people's lives just to justify showing power and control over any president.

I think we silent "American People" who are so often quoted (a big Joke) in support of all this garbage need to speak out. This is my first such effort.

What is it that caused some Senators to change their minds on their vote over last weekend?

FEAR?
FEAR OF WHOM?
LIBERAL VOTERS?
LIBERAL LEADERS?
PLANNED PARENTHOOD?
N.O.W.?
ACLU?
UNIONS?
PEOPLE FOR THE AMERICAN WAY?
WOMEN PRESSURE GROUPS?
BLACK AND ETHNIC PRESSURE GROUPS?
WHAT MOTIVATIONS ! ! ! ! !

It seems to me that the culprit is FEAR...FEAR of being voted out of a job where lovely perks are attached; and where exemptions from laws governing the "American People" (remember them, they're the people who are most often quoted to justify one's own view) are enjoyed. Whatever happened to standing up and being counted for what's Right and Decent and Fair? Does it seem Right and Decent and Fair to tie a rope over the old elm tree limb and hang a person without the judge and jury being present as it happened last weekend? This conduct to me is inexcusable.

I applaud and respect the character of Senator J. Danforth and Senator D. Boren and others whose actions and words I've witnessed recently on TV and whose judgements I trust because they considered the facts. There are many who claim to have the virtues I've mentioned, but the fruits of their actions and words don't bear it out.

Therefore, I would support any movement for term limitations of the House and Senate. Recent hearings on the Supreme Court and CIA nominations on TV have convinced me this would be one way (although not the best way) to help rid ourselves to a degree of the "power play politics" taking place there now.

I would also ^{support} an investigation into who leaked the FBI report on Judge Thomas. I believe this game of cover-up needs to be looked into and stopped and that the appropriate course of action should be taken in each individual case.

I'm thankful for C-Span where I can witness words and actions of the players and depend on my own eyes and ears and thoughts rather than the slanted views of some members of Congress as well as some of the media and printed press personnel.

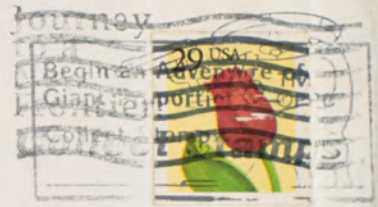

Gentlemen and Gentlewomen of the Congress....You've Run Amuck!..
Clean Up Your Acts and Give us Decency!!!

Women's issues are too important to be muddled up like it was this past weekend. These issues cannot be taken seriously and considered worthy when they're dealt with in the manner in which they were in this latest episode of political power on Capitol Hill.

IT STINKS !!!!!!!!!!!
