Dear Brian,

I hear through my girlfriends that you are well and happy. I'm pleased to hear it and wish you every success & much joy in the new year.

Enclosed is a book from your friend George Rodrigue. As part of our Blue Dog promotion in September we asked him to sign a book for you - knowing you are a fan. The publisher sent it to me for delivery to you - so here it is! We hope you enjoy it.

I know you've heard my 'special news' - & I appreciate

your kind thoughts. Phil and I are very happy and are lucky to have some wonderful friends.

Two more things - Rich Fahlz says "hello" and we (Phil + I) loved your Library of Congress show. It was fascinating. Well done!

Again - Happy New Year and
all the best to you —
