Dear Sirs

The Head Honcho who reads
the votes in the U. S. Senate
should be fired. He is in-
furiating & I hope you have
other notices of his atrocious
behavior from other listeners.

He has the audacity to turn
off the sound at will &
at times for several minutes
no noise no eyes or rays
Goes NOTHIN' !!

We demand he be
ditched - dumped - decapitated
- directly!

Fire the Beam or
for G-d's sake put in an
automatic - electric machine
& save time & heart attacks
