Springdale, an. 72762 Dear Brian, There is something that is beginning to bother us a great deal, and we wish you would do something about it. The rest of the networks want cover it. It is when they bring the dead soldiers have from Somalia. They shave them being brought some during the Duly War. It Deem like every time you turned around they'd be at Dome air field Covering them bringing the dead boys home. They are still our troops just as they were during the July war and they should be respected for what they're done and han they were killed just as they were then. Just because there is a Remocrat President who loathes the military is no excuse for not covering the bringing home of our war dead. - So Weil you please see what can be done about it. Jincerely P.S. C. Span is the only credible channel on T. D.
