Dear Mr. Lamb,

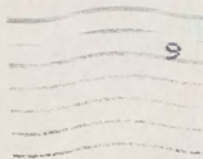

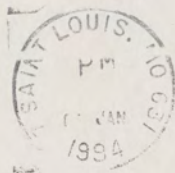

I am writing this letter to express my disappointment in the proposed removal of C-Span from the TCI Cablevision station in St. Peters, Missouri.

My husband and I both watch C-Span and it is the only station that keeps ^{us} abreast of the Washington scene.

For TCI to remove this program, I feel is a complete misuse of public airways and I feel they have an obligation by their license to serve the public. By adding the Channel Starty! / Encore-8 (showing movies rated R or NC-17) strengthens their financial status, but does a great disservice to the public in general.

Anything you can do to keep this from happening would be greatly appreciated.
Sincerely, [REDACTED]
