Dear Steven:

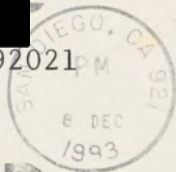

Your program is very one-sided on the facts. Howard Fineman goes on to tell about all the wonderful bills Clinton passed this year. Couldn't you at least have brought up the fact that Clinton bought those votes from Congress to pass NAFTA. That's no big deal.

And Hobart Rowan didn't tell the viewers that we now have a \$101 million dollar DEFICIT with Mexico contrary to all the glowing promises of big trade surpluses with them. READ AND KNOW YOUR SUBJECT MATTER - GET THE FACTS STRAIGHT so you can challenge your guests.
