Dear Terry,

Hello. God bless you folks for putting John Hagelin and the Natural Law Party on your C-span. I am writing to urge you to give him as much coverage as you possibly can. I have personal experience with some of the solutions to the countries problems John proposes and they work! It is about time that the general public

was made aware that there are ways to solve all of our problems and have a prosperous, healthy, crime-free society.

George Bush has ~~twice~~ been shown the scientific studies of how the group practice of TM has reduced conflict and war deaths in war zones ~~across~~ around the world and lowered crime rates ^{in cities} around the world and he has totally ignored them. It is time for new leadership that is open to

all the solutions to our
countries problems. These
solutions we propose work
and they must be presented
to the American people and
the sooner the better!

Again, thank you
from the bottom of my
heart for giving John Hagelin
and the NLP the coverage
they have long deserved!
I hope it increases your TV
ratings a million fold and
brings you all kinds of
profits and blessings and

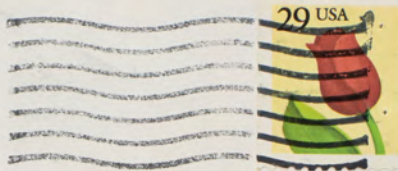

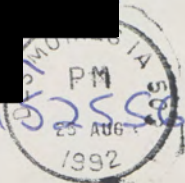

enables you all to fulfill
your grandest dreams and
wishes!

Sincerely Yours,
