Dear Mr. Lamb,

Maybe sometime in the near future for 1 hour you can have Bob Zelnick who wrote the book (new) "Gore: a political Life"; on the Washington Journal some morning. I'm sure there are lots of people would like to hear what he has to say. Seems all that comes out there is all they can find against Mr. Bush. Governor of Texas. Had there been any bad things about Mr. Bush the people of Texas would have ever elected him two times. We need both sides on this. The Liberal Democrats here would have found it. They tried.

Thanks, for C-Span. Watch it every morning. I like both sides, So does other people. Thanks again.
