Gentlemen:

It is my understanding that on November 18, 1993 Mr. CHARLES W. CARTER, president of the National Association of Retired Federal Employees (see letterhead above) appeared before the Committee on the Health Security Act of 1993 to present the views of retired Federal Employees on the proposed Act.

If Mr. CARTER's views were videoed, I would dearly appreciate a copy of the presentation. I would be glad, of course, to pay for the copy, and necessary handling and postage.

Would you be so kind as to inform me if a copy of this discussion and presentation are available? Many thanks (and a Merry Christmas!)

Yours truly,

1 Encl:
SASE
