

August 25

Dear Mrs. Lamb -

Watching your program on Aug. 23, I developed an acute headache! Both your guests were violently anti-Clinton & the entire set-up was unfair & unjust!

Nad I been able to get thru, I could have told the viewers why I support President Clinton.

Of all the Presidents during my lifetime, he is the most intelligent & the most knowledgeable. Unlike his two predecessors, he sincerely cares for the well-being, prosperity, & health of all Americans. He is, also, the most courageous. He is tackling issues which are not popular but which need to be addressed & remedied.

There are three powerful forces with one common goal; to destroy the presidency. Since Nov. 3, 1992, there is why there are daily & nightly attacks on the Administration. The groups:

- (1) The Republican party
- (2) Ross Perot. This brings to mind a recent novel I read in which one sleazy character was described as "having a dearth of words & a constipation of ideas". !!! That's Mr. P.

(3) That right-wing fanatic will
his nation - wide radio & TV
programs. This character has been
bad-mouthing all the Clintons
since last summer - in cheating their
child.

Unfortunately, the President
has no Ross Perot or Rush Limbaugh
to defend him. However, I would
hope (in vain, no doubt) that the
media would point out the pur-
pose of the groups that constantly
attack the President. Attacks largely
based on lies, exaggeration, & hear-
say.

Please, Brian, in the future
try to have guests who are sup-
porting the President; not politicians
or Cabinet members, but respected
journalists (& enough of Pat Buchanan!)

If you have bothered to read
this, I thank you & do excuse the
penmanship. I'm still agitated over
all the Clinton - bashing.

Sincerely

Margate, Fla. 33063
