Washington, D.C.

Why do you have such "flaw
dragging" sessions on Saturday and
very dull?" I think it is probably due
to the Moderator on Saturday.

Sunday morning I saw hurried
like he was going to a funeral. Read
the headlines as if they were
going to take them away from him
any minute.

Also is it hard for you to get
guests? The same old ones make the
same old fuss all over and over.
As for as D.C. is and so many fly-by
nights out there, surely we don't have

to listen to the same old persons
over and over make the
same old dialogue.

The last few weeks it has just not
been worth hearing.
