Dear Sir,

We out here watch c-span alot and wish we could get both of your channels. Thank goodness for you and your wonderful, no commercials and roundtable and good programing and views on all subjects. Please send me info on C-span orginization and booklets and government. I wish you were President and C-span ran the government. We don't like the way our "big"-secret and self interest government is being run. They have never been for the average or below people. It's all for themselves and their agenda and "friends". We don't need a "First Lady" and all this 1960 stuff - where most of our problems really got big. Too much big government, business, politions, lawyes, doctors, nurses, teachers, social workers and bankers, wall street, media and the rest. Let's get back to common sence and the Constitution and for America. We need economy - family and reglegon.  
Yours truly
