Dear Mr. Lamb,

I am an ardent fan of C-Span and commend you for your excellent reporting.

I watch C-Span knowing I will not see or hear live, or slick glibby personalities.

But, in my opinion, you lost some credibility and lowered your high standards when you featured Rush Limbaugh.

I realize you were featuring talk show hosts.

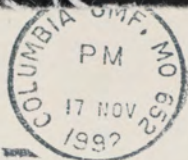

But surely you could find a true "talk-show" host who carries on reasonable dialogue with his/her callers.

What is next, Howard Stern?

Please keep your high standards.
Very truly yours
