

Sir:

1-21-98

I want my money spent on governing, not on the President's ~~life~~ life. If all of you are interested in ~~ss~~, ask your parents & siblings about theirs. Shocked! Why? at least that would be your family.

I turn off all the programs, & ~~not~~ receive no papers or magazines.

Monica is not young. There are many people involved where there are age differences. **b.c./ew** Thank you
