

C-Span. I have tried so many
times to get through but can't.
I'm sure people from Wyo & Neb.
& So. D. have tried to get through
but can't seem to be able to.

I did hear one call from Colo

Democrats are checking
backgrounds. I was not proud
of Bob Kerry. Not because of
his disease but because
of the music star he had
living with him.

I can see why he
is for abortion.

Foley scared me
when he talked of women's
rights. "even if ^{quite} ~~we~~ ^{they} have to
put it in ^{the} constitution."

Womens rights ~~now~~
days means "abortion." That is
murder. no pregnancy - no baby
no abortion ~~or~~ ^{never}

Pregnancy + abortion - baby
murder.

Have can you fail any
body for murder if you
ok abortion.

Have about Foley. Have
you checked his background?
Is he a father? a
grandfather?

I hope not. Poor kids.
I'm not happy with Bush.
What about Seniors. Such a small
raise for the price of what we pay.
Help.

Head Start is good - but check
the supervision. Do cut some of
these Hand out Programs. There are
dish washing jobs, cleaning etc. I've
done them. For 50 years I done different
jobs. Each one better then last. We deserve
a rest. No more raises @ Congress unless
each would take 5% & send to me. Ha!
