Gentlemen:

Yesterday I turned on C-SPAN at about 7:30 PM - one of the guests on the CALL-IN program was Robert Doonan. He used his time to literally slander President Clinton with lies and ~~half~~ half truths. Although I am a supporter of President Clinton I realize you have to have opposing points of view. However Representative Doonan goes way overboard as to what is acceptable + proper. Yet for some reason C-SPAN gives this man enormous TV coverage. You cover him when gives his special orders to an empty ~~over~~ Congress.

Even if a person doesn't like President Clinton he should at least ~~to~~ respect the dignity of the office.

Also you don't have to be a psychologist to know that this man is (Doonan) is mentally unfit - just the way he expresses himself is self evident (In addition he was accused of wife beating.)

I would appreciate the

courtesy of Reply As to why you
give this obviously unstable + potentially
dangerous man so much air time,

Sincerely,
