Gentlemen -
I do wish you would be the
selectors in your choice of
guests. I found those
menages to have an excited
& offensive attitude. We
don't need phony Comancheros,
phony intellectual snobs, telling
us how to solve the one crowded
fares that they themselves, & none
else, created!

Green tree frogs

Louisiana's Atchafalaya Swamp, home to these two
green tree frogs, is also a nesting and feeding habitat for
more than 170 bird species.

Save the problem of the birds. Were
all over this country of the millions
of landed birds into (PAWNS)
To find out how you can help save America's wildlife by
becoming a member, call the National Audubon Society
at 1-800-274-4201.

Wellness without Parental Guidance.
