You probably won't read this or pay any attention to it but it will make me feel better to write.

I am getting sick and tired of all the speeches by Bush and Quayle. All the calls on this morning's Brian Lamb show (Monday Aug 10) was critical of Bill Clinton. This has to be your fault, you control the calls. Yesterday ^(Sunday) you repeated Bush's press conference with USA Today and Dan Quayle's speeches in Ohio. At 9pm I turned it over to C. Span. You were again replaying Quayle's Ohio visit. You search out Arkansas people who want to criticize Clinton and his wife. Please be a little more fair.
