

Dear Brian -

Each year-end I write a Thank
you to a business or institution
that I feel has enriched my life
or our culture, and my 1993 choice
is C-Span - I notice how many
callers began by saying "Thank you for
C-Span" - the lives enlightened by C-
Span are countless, your influence in
getting issues out and throwing light
on workings of government is incalculable.
His amazing how many law-enchens I
recognize by voice, where before I could
only dimly associate names with
policy - Thank you for your vision,
C-Span is our favorite viewing and I
am thrilled we will soon have
C-Span 3 - Keep up the good work!
