Dear People —

Thank you SO VERY MUCH for the
program "Remembering D-DAY - 50 years later."
[REDACTED]

frightened every day as our Nation was at war. Sadness
about the young people going to war. [REDACTED]

[REDACTED] and their wives were
scared to death — needless to say.

Prayers - rosaries were said constantly and
mourning was the state of everyone's lives it seemed.

It is heartwarming to listen to Henri
Levaufre and how dedicated he is to be honoring the
service people of all nations. Truly touching.

Sincerely and again — thanks.

THANK HUE
