

September 13, 1993

San Diego, Ca 92100

This is a quick note to inform you that you are losing a large audience. Many of us work and cannot check the schedule. Most of us are not in the area code 202. We want to know the day's programs and we would watch whenever we can or make time for the programs we wish to see.

Please give us an 800 number we can call daily. You need us and we certainly need you.
