Dear C-span

Watched you yesterday
go and on most of the day -
and got completely disoriented
with the House of Representatives.
Such unprofessional men -
I would like to have gone in
there with a whip - that
assesses me - But that is not
the reason I'm writing you

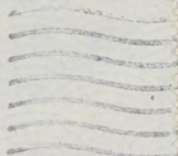

They all should have
taken lessons from your
Lady Susan Bernier. Now
there's a pro - So beautiful -
never lost her cool - and the
thing that got me is the
way she staged looking so
fresh -

Give her a raise!

Sincerely
