Dear Sir or Madam:

I thoroughly enjoy C-Span,
& would like to know if you have
any stories from the earthquake
that occurred in Italy around
1980 -

After going to Italy to meet
my relatives last year, I was taken
to many towns where the earthquake
hit, I could ^{not} believe how many
towns were hit, there are still
repairs to be done. After yesterday's
Calif. earthquake it made me stop
& think about what my relatives
went through.

Any information you can
send me will greatly be
appreciated.

Also, I noticed you have the
Moscow evening news

Do you ever cover news from
Italy I've never noticed any.

Do you know of any Italian/
American Magazines I could send
for.

Thank you Very Much
In Advance for your help.
Keep up the great work.

Sincerely,
