

Dear Sirs

002594 MAY 13 1993

I would like to voice my disgust with C.SPAN for its slanted coverage of the GAY MARCH on Sunday April 25, 1993, the SEANS we saw were not fit for television nor were they appreciated. enough is enough, I for one have had it with special interest groups and those who give them a forum to broadcast there perverted way. CLEAN UP YOUR ACT, on the only people in America watching C span will be homosexual, special interest groups - perverts & idiots, I for one will not be watching!
