In the eyes of the world
the United States of America is
presenting an ugly and ridiculous
sight in reference to Judge Thomas
and Anita Hill.

I hope this makes Tim Phelps
happy.

It was interesting to note
that he is contemplating writing a
book as indicated on Brian Lamb's
C-Span program.

He has it made as far as
testifying about his sources and
his nefarious methods of digging,
digging to uncover even a questionable
'crumb' of something dirty.

I am very cynical about
the public ever hearing the truth
about the leak although it is my

dearest wish to see these sadistic individuals put on public trial and TRUTHFULLY exposed.

I congratulate Tim Phelps for effectively smearing an honorable man's character and name. A man who has been investigated numerous times in order to obtain his position as a judge. If there had been even a suggestion of misconduct he wouldn't have advanced this far.

Do not confuse your rationalization
THE PUBLIC has the right to

know with an unbridled ambition.

I hope you sleep well, Tim Phelps
