Mr. Brian Lamb CEO  
C-SPAN  
Washington, DC 20001

Dear Mr. Lamb:

You and your programs are great. I see only one fault with your choice of programs. You spend too much time on Great Britain in relation to the other nations of the common market. Great Britain has many of the same problems as the US. Take crime for instance, with those children killing the smaller child. Also, they have much of the same financial problems that we have. It is Germany who is going to do more to control the common market, they work hard and export more goods.

Thanks again for all of the programs that you and your staff have on the air.

Sincerely,
