- 1) As <sup>the</sup> commercial networks get worse & worse  
C-span for me is the best improvement  
since PBS started. I learn news from  
C-span which Newspapers don't report ★
- 2) Please switch to hearings during  
congressional electronic ~~media~~ - voter and  
Quorum calls
- 3) Call-in programs should devote a larger %age  
%age to callers & less to studio participants
- 4) You do a great job. 5) How about putting your program on radio.
- Sincerely,
