Where is Lee Harvey Oswald
when he is needed? Kitty
Kelly is a carion eating
immoralist who profits
from gossip innuendo &
slandorous charges! She has
NO manners. Anyone who
needs her filth needs
psychotherapy. Blaspheming
the lives of public elected
people is despicable. We
have heard there is a
book about Miss Kitty
coming out including
her sex life! Shame on
Casper for promulgating
the Kelly filth which
is probably fiction. We
hope she dies choking on her money.

America did NOT elect H H
the sewage moralist.
Ron Reagan was a Great
President. This little snipe
should be ashamed of her
attempt to destroy ~~Bar~~ Nancy.
Kitty's behavior
demonstrated guilt
confusion anger resentment
& bitterness. Why does
Kitty H H H Ronald Reagan
so much? There must be
a sexual thing there. Could
she be the woman scorned by
Reagan & Sinatra. Has
the Kitty Kelly assassination
funeral been started yet
