Dear C-SPAN

I enjoy your programs particularly the programs that show the House of Representatives in action?

The call-in segments are also very good but I am writing because to get a line in is almost impossible. Shows that people are interested in their government. It has shown me that as citizens we have a lot to do to get some responsible people into the government.

I am sorry that my cable system does not carry C-SPAN 2 because it would be of great interest to see how the Senate can waste time on the proper procedure by the accolades each membebr gives to another before they even say anything worthwhile.

Keep up the good programming and the people who moderate the phone calls are excellent.

Sincerely,
