C Span —
Viewers Guide

How could you put Robert Dornan on your Washington Journal to tell the outright lies which he has been doing for his entire career. How could he use black mail to induce C Span and more surprising how could you let this happen

He has used C Span to campaign for years and due to his protection in the Congress

to liable people. He is just now as I listen to him saying that he has been offered millions of dollars in income if he loses his race - Media opportunities?

His main purpose is to impeach the president as he has said many times. Today he claims the congress will be worthless without him. His poisonous conversation should not be allowed on C-Span.

He is now saying he has a wonderful war record which is another lie.

Please do not give him air time. I cannot watch this!

Sincerely
