Why do you put on
that old fool from the
washing, the Monthly?

His great accomplishment
in life is exploitation.

Exploiting young writers
who go on to make a name
for themselves while he sits
there with 35,000 circulation,

And exploiting his wife
who has worked her tail off
the let him play editor.

I could see you giving
him some time on his
Monthly's anniversary. But
enough!

Thanks for C-space,
