

April 15, 1994

Dear Mr. Leach,

I watched your Book Notes 5th

Anniversary show for one reason: to determine if you actually read the books in which you conduct your interviews. I truly admire your meeting your goal of reading 50 books a year. It is my personal goal as well. I hope I can meet it one day

[REDACTED]

the way you have.

Does All Politics of Local
Count?

Very truly yours,

[REDACTED]
