Dear Friends,

During my travels this summer, I heard three programs on C.Span for which I would like video tape copies if possible.

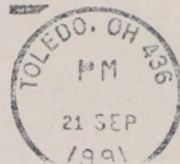

While in Texas on the night of Friday, May 31, 1991, I heard three programs: A. Enterprise of the Americas Initiative, EAI, B. The Trans-Africa Foreign Policy Conference, and C. A Congress sub-committee hearing on the Horn of Africa Recovery Act, dealing mainly with Ethiopia, Somalia and Sudan. These programs were aired late Friday night, May 31, 1991 and repeated Saturday, June 1, 1991 at about 10:30 P.M. (Eastern). I would very much like video tape copies of these programs. If such is not available, I would like transcript copies. Please tell me if I can get either or both types of copies and how much each will cost.

Thank you for your cooperation in advance.

Sincerely yours,
