Dear C-Span,

This past fall I watched for several days your coverage of the National Abortion Rights League's convention.

At that convention Steve Freund was put on their top 10 hit list by Kate Michaelman. In all fairness, I think she should have the opportunity to confront him personally on your network, and he should have the opportunity to reply. This would add considerable credibility to your coverage.

We also hope you will cover the January 22 March for Life in Washington, D.C.

P.S. C-Span has become Sincerely
part of my daily life.
Beginning to realize how inadequate
news of commercial networks is.
