

Dear C Span

I watch C Span more than any other News Program and I - like many of your callers - see the ill mannered Conservative Republican Reporter-Journalists and Congressmen are so unsure of themselves they have a tendency to talk all the time won't shut up long enough to let other guests - they interrupt so often that the other guests do not get across and your Moderator stops this practice - if I wanted to be a Republican Point of View and their point of view only the Business and their top management - not the guy who does the work for them - One of my favorite Programs that C Span carries that has the most ill mannered Moderator is John McLaughlin - The McLaughlin Group - the Group is composed of ill mannered Big Mouths 3 against one who is supposed to represent an opposite point of view - but is too weak to interrupt - but the biggest mouth is the Moderator - so - If all your Call-in Discussions are going to be so one sided in favor of Conservatism -

don't

Dear C Span

I watch C Span more than any other News Program and I - like many of your callers - see the ill mannered Conservative Republican Reporter-Journalists and Congressmen are so unsure of themselves they have a tendency to talk all the time won't shut up long enough to hear your other guests - they interrupt so a full sentence ^{does not} gets across and your Moderator does not stop this Practice - if I wanted to hear only the Republican Point of View and their push to help only the Businesses and their top management and not the guy who does the work for that Business - One of my ^{less} favorite Programs that C Span Aired that has the most ill mannered Moderator is John McLaughlin - The McLaughlin Group - the Group is composed of ill mannered Big Mouths 3 against one who is supposed to represent an opposite point of view - but is too weak to interrupt - but the biggest mouth is the Moderator - so -

If all your Call-in Discussions are going to be so one sided in favor of Conservatism -

watch the Disney Shows or Western Movies - that
hung Bank Robbers to the nearest tree - I
once was a C Span Junky - but I like
to hear both sides, but all C Span Cal-in
Discussions are being Salatoged by a one
view of every discussion - just like The
McLaughlin Group - John McLaughlin don't
need a Group - he goes all right on his point of
view all by himself - I wonder if he even
shuts his mouth when he goes to bed.

Please bring back a Fair Discussion
where all your guests have manners and shares
in all the discussions - not Over Power Their
Views against the other guest - this includes
Women like "Mona"

I want to make up my own mind who
is right or wrong. You - C Span - lost that
Honesty and Fairness after both sides of the news
were aired by Johnathan - Bernard and Peter
Arnett - my eyes and ears were glued to C
Span then - What happened to your Fairness
Policy

Sincerely
