Dear C-SPANNERS:

Thank you again for The Presidents Series and for running it all again during the holiday week, and for the on & off presidential airings that I catch from time to time. You have brought me, an old Teacher, a great joy as well as much embarrassment as I realize how much I did not know! I've come to love them all, great and lesser known. Each contributed in his way to the growth of the union.

I took a lot of notes, to keep in focus, and noted books & authors; some books I've already purchased.

I am glad I saw your program dealing with how some of these programs were researched and photographed & locations chosen & so on & on. Absolutely remarkable. I am in awe.

You have provided a magnificent multi-level gift to students, teachers, listeners like me, and to the United States of America!

C-SPAN 2, also! I watch a lot of authors on weekends, & note their books for future buyings. I'm so pleased I got "Galileo's Daughter" author this past weekend. And I'm glad you repeat a lot of them. I've only got one TV set!

Sincerely,

MADISON WI 53705

P.S.

Since I'm gone in the mornings, I
could only watch Presidents on Friday
nights. Had to miss Washington Week in Review!
And that's a sin. 😊

On weekday mornings I carry a Pro-Choice sign
outside the Medical Building where abortions are
performed. I feel like a Minute Man!
