Dear C-SPAN,

You are the most wonderful station to bring us the truth about no end of excellent programs. I'm so lucky to hear and see C-SPAN and I hope you'll continue forever. I can't thank you enough because I've been glued to C-SPAN for several years.

After several years, I think, that today's Sun. Nov 10th Program with Mr. H. Ross Perot was the most inspirational I've ever seen and heard. He is just the person the American ^{people} are waiting for - someone we can look up to and respect and believe in. He's such a good man and knows what is wrong with how our government is ^{and are} ^{our} Boss and not our servant. I only wish we could all vote him to be President of our Country. If all the folks that heard him this afternoon who ~~heard~~ ^{saw} him, I'm sure, they would vote him as our next President.

7/ In '85 and I wish I was
young again so I could help
start this "Clean out the barn".
I tried to "throw out the Rascals"
but there wasn't any one else to
vote for - just more rascals. I
guess we will have to stop our
voting - maybe we can call them
all off some way - boycott?

Every remark he made was so
true and better still he told us
what needed to be done and so
urgently. Oh - to be young or
have money to help. I live in a
home like most of the elderly
but we do have the vote if there's
good legislation to pass that
would change the whole system.
Maybe that's some help. Voting, I mean.

Sincerely,

Mrs [REDACTED]

Thanks for listening.
