Washington Journal!

I knew I didn't think I was
going to like your new format but
after all the hype about it, I had to
see for [REDACTED] I set my
clock radio [REDACTED] and
what a dis [REDACTED] from
6: AM till about [REDACTED] away through the
prayer service with the hypocrite Republicans
attending + reading prayers. I got such a
burning in the pit of my stomach rem-
embering how these people talk on the
floor of the house. I firmly believe that
what comes out of people's mouths are
a pretty good indication of the kind of
person they are and I detest hypocrisy.
I switched to CNN for the rest of the

Trash

I knew

was

going + but
after all the to
see for myself. Like a fool, I ^{set} my
clock radio for 5:55 A.M. Jan. 4th and
what a disappointment. I watched from
6: AM till about midway through the
prayer service with The Hypocrite Republicans
attending + reading prayers. I got such a
burning in the pit of my stomach rem-
embering how these people talk on the
floor of the house. I firmly believe that
what comes out of peoples mouths are
a pretty good indication of the kind of
person they are and I detest hypocrisy.
I switched to CNN for the rest of the

day & night. CNN had guests and analysts and it made an interesting day. So I don't sacrifice my sleep now for C-Span after what I saw Feb. Jan. 4th. I always liked Journalist Roundtable, evening call in shows and being able to jot down addresses shown on the screen. That's all over and I just don't like what you've done.

C-Span is another one of "Nert the fruit" toys. How many damn times are you going to show Nert's 3 hour life story? No matter when you turn to C-Span it's on & again Sat. night and excerpts Sun. morning. It's a constant Nert-Nert-Nert! Moonbeam Nert is not the President, he's not a King. He's an arrogant, pompous, obnoxious, ego driven, power hungry, hate monger, loud mouth windbag,

Hitler, Jr. My God, think of this —
what IF Phil Gramm should be elected
Pres. & with Newt? I shudder and shiver
at the thoughts. In the 1920's our country
was in a conservative mood & elected a
Republican Pres. ^{& Republican Congress!} — we sank into the
Great Depression (I lived through this)
& the only thing that got America back
on its feet was World War II. Farm prices
went up, defense factories going full blast,
we needed so much for the war effort &
we began to have a decent living. I
don't want this to be repeated, everything
seems to go in cycles.

I wish you'd rethink what you've
done. I sure don't like your format now.
