Brian Lamb.

C-Span -

I cannot believe you gave
air-time to the speakers
of the Million Man March.

What they are saying is
scaring me right off
my couch.

Do you realize what
might happen as a result
of this.

They are being seen and
heard by every one in
this country who is black
and angry.

O-mmm

We don't need This. We
need peace among all.
This is awful.

Maddox is talking about
shedding blood.

Brian I am a C-span
junkie but I am so
disappointed you aired
this terrible show of anger
rioting up all blacks in
this country.

I can only hope the
March Tomorrow is peaceful
in spite of your decision
to air this.
