Dear Mr. Lamb,

I trust that all is well with you and your family. I truly enjoy the C-Span programs, and the effort that is put into them.

I do have a suggestion. If you feel it would be interesting, maybe a little more information can be given, of a personal nature, concerning the guests. Besides their hometown, their education, and where they work. Upon their approval, an example would be does Bob Novak have children? or Pat Buchanan? grandchildren and possibly how their children are doing?

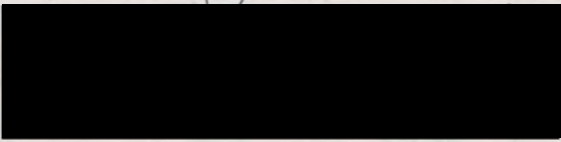

I have fond memories of DC. while in the Marine I was stationed at Quantico, VA and Headquarter USMC, Arlington, VA (1961-1965).

(over)

I have 10 years of college, but all
in theology, but unable to work due
to health, so I help the poor and
try each day to visit the sick and
depressed.

I trust God has been good to
you as well. 40 years ago at age
9 in Pittsburgh, PA, God changed
my life forever.

Keep up the good work sir,
