C-SPAN

400 North Capitol Street
Washington, D.C.

Today I saw a Mr. Jim DeMint
on one of your programs. He was
discussing Social Security.

I am a senior citizen living on
Social Security. Now I have
worked and paid into Social
Security for forty four years
and I am not "depending" on
the government for a "handout"
as the young man said. I
am living on my money and my
ex-husband's money paid into
Social Security.

Now, my question is why hasn't
the money removed from
Social Security for other
programs been returned to
Social Security? Why wasn't it
kept in Social Security and
allowed to draw interest?

I tried to call into all morning^{CSPAN}
but couldn't get through. I hope
this letter can be read and used
by Brian or someone on the air,
as there are many, many
people who feel as I do.

I've also been watching
Mr. Starn on C-SPAN today and
I certainly respect the firm
way he handled himself and
presented his findings despite
the rude and harassing
some of the Democrats. These
people must have the same
values as our "so-called" leaders
of the country. I hope he
decides to resign and move
out of the country —
Thank you
