Nice

Dear Sirs,

I just finished watching your
7/31 edition of "A Conversation".

Thank you for providing such an
articulate and interesting program.
I am quickly becoming a consistent
C-Span viewer.

Five million pets are reported missing each year.
As many as two million of them are stolen.

You can protect your pet by keeping a collar and tag on it at all times.

You may also want to consider a tattoo on its inner rear leg and registering the number with a national tattoo registry. Ask your local animal shelter or humane society for details.
