Dear Brian

I watched "Journalist Roundtable" to-day and if you and C-Span continue to have reporters like Stanley Cloud, Timothy Russert and David Colton on every week and discuss Bill Clinton more than half the time it will be certain as most of your callers said to-day the reporters taking their reports from the "Star" Magazine will drag Bill and the ^{other} Democrats down in the gutter and there want need to be an election in Nov. If I were the woman who called from Los Angeles criticizing the reporters and you about about talking about nothing except Bill Clinton instead of the problems we are having that needs a solution I would have been insulted by you just keeping on talking back to her. I think you were very much

out of line but this was not the first time I have heard you do this to a caller. During the whole ~~the hour~~ hour and half program I heard nothing mentioned about the 7% unemployment, people losing their jobs every day and losing their homes, cars and having to go on food stamps to feed their children, losing their health care and the 37 or more millions who can't afford any health care and the ones of us who have health care are wondering how long we will be able to continue to pay the high premiums we are paying now. I understand George Bush is cutting the assistance for energy and housing subsidy for the poor but you all never mentioned anything about that and the rest of the 246 programs he is cutting completely out. Instead of digging down for dirt on Bill Clinton to put on their front pages and on the NBC news and in the Time Magazine. I get the Time magazine everyweek and I know

how time takes every opportunity
to write about Bill Clinton and
every other thing they can write
against any of the Democrat candidates
You too hold up paper after paper
that has anything against a Democrat
I don't blame the Democrat candidates
about hesitating to come on C-Span
they are not dumb they know how
partisan C-Span is. You have
twice as many Republicans on
your call in programs as you do
Democrats and I have heard callers
asking you all why you have so
many Republicans on ^{yes} you interviewed
George Bush but no one could call in
and question him about the serious
problems we have in this country.
He only had to answer your questions
Have him to come on your live program
and let us have a chance to ask
him questions like you think the
Democrat candidates should do.
Why don't you and C-Span and these
other journalist do as Larry King
did on his program - Read a

statement from Larry Nickles,
saying he had done this to ruin
Bill Clinton and that he wanted to
apologize to the American people
and that this had gone farther
than he ever thought it would.
If Larry King could get this statement
and read it on his program "Larry
King Live" you and some of these
other journalist could do the same
thing and instead of as the
journalists on your program
to-day said they would wait,
and see what "Star" came out with
to know what they would do. That
is nothing but sleazy journalists
I guess the reason they write and
dig for garbage is to sell their papers
is because George Bush has nothing
to give any of us any hope in solving
our problems with the economy, drugs
health care, crime ^{etc} and they know
garbage and sleaze fills their papers
and people will read it because they give
us nothing else to read.

[REDACTED] [REDACTED]

I will be watching C-Span every day and hope you will get the statement Larry Nickles gave to CNN and read it on C-Span and let people know that the Republicans are at least partly involved in this story. It is their "Willie Horton" for 1992. We all knew when George Bush said he couldn't wait to get into the campaign and that it was going to be "dog eat dog" and he ~~was~~ going to do any thing he had ~~could~~ ^{to} get reelected that they would soon bring out something against the Democrats for that is the only way he can win is by a dirty campaign like 1988. Because he cares nothing about the poor and middle class. His insisting on the capital gains tax prove he only wants to help the rich. Because him & his will benefit greatly by it.

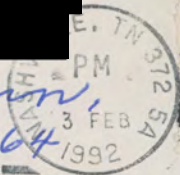

I would appreciate hearing from you if you disagree with me but I watch C-Span everyday.

Since Tim, Stanley & David and all the other sleazy reporters want to get a real story from the Star and other Tabloids why don't they follow up the story that was in one of these tabloid that showed the Lie Detector test of Anita Hill and said she was telling the truth about Clarence Thomas and showed the lie detector test of Thomas and said he was definitely lying but yet he was put on the highest court in the land to tell you^{me} what we can do and what we cannot do for the next 30 or 40 years. Why do you at C-Span don't follow up on stories like that which people would like to judge Thomas as you have Bill Clinton. No, he is a Republican conservative and nothing sleazy should be said about them. You all have got to continue to beat the dead horse too death as one woman told you to day. I expect the same thing on Journalist Roundtable next Fri. as usual for you want even discuss that our country is

going down the drain and George Bush has no idea how to get our country going again and I hear Campaign Manager Mossbacher said in the Wall St Journal that Bill Clinton's problem was going to be an issue in the campaign. The Republicans have just started early this year. George Bush hadnt got any record to run on without using sleaze and lies like "Read my Lips". I heard one on "Capital Gang" say that Mrs. Mossbacher who is helping in Dan Dingler reelection that she would be glad when the election was over so she could go back to wearing her expensive jewelry and etc. Why did your journalist not investigate that remark and put her picture with big headlines and a two or three page story saying she dont want to be seen on the level with the poor and middle class and homeless and jobless but she ^{now} will eat them up and then after the election wipe her foot on them.

I will be watching every week
and see if you will ask
the next journalist if they
had heard this and if not why
they don't hurry and get some
reporters on this story. I think
most of us would think that
was worse than anything
Bill Clinton has done. I hope
by next Friday you will find
3 journalists who will tell
about the tapes Miss Flowers
had had been found to have
12 deficiencies in it and she had
been proven a liar about being
a teenage beauty queen, worked
with Roy Clark and been ^{on} the Haw
and he said he did ^{not} even know
her and then we are expected to
believe such shaze. also if reporters
get their stories from tabloids why
don't they investigate the things that
Lebraz was seen in New York Aug 13
91 at Radio City Music Hall, Empire State
Building, and on 5th Ave. This would really be a
story if they found him alive. I will send you
the article if you will give it to them to investigate
