Re: the program of this
a.m. You had a caller
that went ballistic,
and, to my way of in-
terpreting her statement
or twice she threatened
to take 'to the streets
with a gun. This person
seemed to be out
of control mentally &
perhaps physically.
I would think the
FBI would or should
check on her - I'm think-
ing of Wester in the Capitol
Bldg. & his mental state.
It disturbs me when I
hear someone clearly
mental being so menacing.
Thanks for your coverage.
