Dear Mr. Lamb,

I have a terrible time getting through  
to C-SPAN by phone or Fax so I  
will try to write to you. I am

55 years old with a wife & son and  
a C-SPAN watcher. I have dystonia  
a muscle problem which makes  
handwriting difficult.

Getting to the point! In 1960 I was  
a welfare medical ~~case~~ guinea pig with  
Crohn's disease, I lost 8 feet of  
bowel. In the past 34 years, I became  
educated, own 3 insurance offices pay

for 8 families <sup>for</sup> full Blue Cross & Blue Shield with the employees only paying 5%. 1,000,000 coverage. I am white and got out of the gutters.

If you ever have ~~the~~ right guests my questions are as follows:

1. Are the folks at health care seminars hand picked? I want to get to one. 7 letters to Mrs. Clinton no answers!
2. What incentive is there for folks like ~~as~~ me who got out of the gutter? Just penalties for success?
3. What incentive is there to save?
4. Why doesn't C-Span ever have average citizens on the show?
5. Why don't you get little town newspaper reporters on your show?
6. Why doesn't C-SPAN have a town meeting while the bus travels. That place would be over

Christmas city. We have the home of  
the education in America with the  
Moravians check me out. We have  
Moravian Academy over 252 years  
old and Moravian College one of the  
five oldest colleges in America.

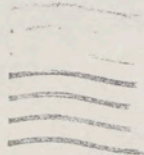

I hope you see this - Sorry I didn't  
know your address, Boy, I could  
tell you my health story which  
would stand your few hairs  
on end. No one hears from the  
Success stories from the Clintons.

God Bless you,

Keep up the  
~~Good~~ Good  
C-CPAN  
Work.
