Dear Staff of C-SPAN:

I have enjoyed C-SPAN for 9 years now since I discovered it on our Telecable system in this suburb of Kansas City, Mo.

I especially appreciated your coverage of Pres. Vaclav Havel's speech to the Joint Session of Congress. What a treat! Yours was the only TV coverage of it - the 3 commercial networks did their usual game shows or whatever - and I watched the replay later that night after calling several people to tune in for it. He was saying things that our own President Bush should be saying - but isn't. Thanks again.

Sincerely,
